Pal.Care Version 9- Feedback

We received very little response to our request for feedback in the July 06 Newsletter. This feedback is very important for us to understand the needs and requirements of our client so that we can continued to develop and improve our software to a high standard and according to your needs.

There is no deadline for your comments form, so please feel free to send your comment back to us via the feedback form. Your opinions are very important to us.

Pal.Care V9 is the updated version from previous (Pal.Care V6). SMI have made enhancements to the Pal.Care system according to client's feedback in the past into this version which also includes the major function that is Soft-Forms.

This version 9 of Pal.Care was then demonstrated in the 2006 user group meeting, and we received some very useful feedback and suggestions.

We aim to have our clients have more say in the development process of Pal.Care. In order to facilitate this, please let us know any aspects of Pal.Care that may frustrate you or you think should be done differently, and secondly if there is any functionality, screens or fields that you would like to see incorporated into Pal.Care in future releases. Please fill in the Feedback form in the next page and send it back to us.

Feel free to re-print and continue any comments on further pages and send back to us, either by mail, fax or email.

Feedback Form

Name	
Organisation	
Tel Number	
Email Address	
Current Pal.Care Version (If you are not sure what version you are running- please give us the "Modified Date" of the Pal2000.exe by right clicking on it and going to properties).	
What Problems or frustrations do you have with the current version.	
What Changes, improvements or additional functionality would you like in future versions.	

Please feel free to continue on further sheets

Multi-Care

Tell us what you want out of your newsletter

Please contact us if there is anything that you would like to see added to future newsletters! We look forward to your comments as they help us ensure that we are giving you the information you need. Should there be any additional information you wish to see, please send your comments and suggestions to us either via email or post (details at below).

Thank you!

We hope you found this newsletter informative. We look forward to hearing from you soon!
